

Canalside Centre

Improvised Raft Building Session

About the Activity:

What is it?

The aim is for participants to build a raft out of barrels, ropes and wooden poles, and paddle the raft on the water. Rafts will be designed, built and paddled on the water in small groups. Participants are likely to get wet.

How do I do it? Who is the Event For?

All young people – aimed at Key stage 3.

Aim of the Event:

- To improve communication skills and teamwork
- Develop problem solving skills

Where does this take place?

At the Canalside Centre.

Learning Outcomes:

Upon completion of the activity, participants will have:

- Demonstrated the ability to listen to, understand and act on instructions received
- Gained self esteem
- Gained self awareness
- Developed communication skills.
- Demonstrated an ability to cooperate and work as part of a team.

Progression Opportunities:

- Participate in a free session at Canalside
- Participate in an accredited paddlesport course
